no.	m	km	direction
1	34	0	take narrow asphalt road going slightly down hill from a bus stop in E direction (to get to the bus stop, go left at a bigger crossing in the middle of Dragonja village from the main road Koper – Buje, in direction Nova vas and Sv. Peter and cont. for a couple of hundred meters)
2	20	0,82	macadam (passing rubbish dump)
3	29	1,30	branch of a macadam road on right – keep on the main road
4	44	3,65	asphalt branch on the left uphill; cont. straight on macadam road
5	64	6,03	split; go right
6	95	7,84	two side cart tracks on left; go right
7	85	8,23	right across the Pinjevec river at the crossing in Skrline (this is not a village, just a couple of deserted houses)
8	80	8,59	left just before crossing the river Dragonja go on a narrow and here and there very rough cart track
9	104	9,49	deserted buildings; keep on the cart track, which around the turn becomes very rough and steep (for a short distance luckily)
10	146	9,83	straight – end of uphill (leveling) and crossing; cont. in the same direction on cart track
11	117	11,05	1st crossing over Dragonja river you find a few meters further up from the point, where the river cuts the way; carry the bike straight across the river and look for a trail on the other side, which goes along and very close to the left bank of the river – go upstream <u>(left/right bank – with reference to the direction in which the river flows!)</u>
12	118	11,15	2nd crossing ; cont. on the other side on clearly visible trail
13	113	11,65	singletrack turns literally into the river - cont. 40 m upstream, walking on riverbed up to...
Orientation is quite difficult from here on. Luckily, there is a power cable crossing the valley and the river further up. If you can't find the way, cont. upstream – on the bank of the river or on the riverbed (approx. 400 m), until you reach the point, where the power cable crosses the river. Follow the cable away from the river to the west (approx. 30 m), until you reach the cable pillar. The lost trail should be right there, go right then. This is no. 19 from the Road Book. Don't forget to reset the computer counter!			
14	113	11,69	3rd crossing , where go to the other side (left bank) and cont. to...
15	114	11,74	the first river turn, follow it and when the turn ends, find the trail on the other side of the river, right bank, which is not clearly visible. This is 4th crossing .
16	114	11,76	trail splits: go left (in a few meters there is a "stair" and you have to lift the bike)
17	116	11,90	the trail almost disappears because of thick bush; cont. in the same direction along the right bank of the river; if you managed to find the right way, you go past some ruins and soon reach...
18	760	12,00	nice singletrack; go right
Reset the computer counter!			
19	125	0 (12,09)	power cable pillar, here you can reset the counter
20	139	0,55 (12,64)	trail turns sharp left (you can also go straight on), follow it and you reach a small meadow, cont. to...
21	141	0,68 (12,77)	the fence at the end of the meadow and turn right , slightly down hill on a horse trail
22	136	0,76 (12,85)	left at the second meadow, towards the house (Zankolic mill)

23	137	0,81 (12,90)	go across the yard of the house
24	140	1,00 (13,09)	right at the split, go on narrower trail
25	141	1,37 (13,46)	5th crossing over Dragonja; more trails in the same direction - cont. on the biggest, more ridden
26	146	1,52 (13,61)	left at the split
27	151	1,67 (13,76)	at the river again, turn towards it and...
28	150	1,68 (13,77)	6th crossing over Dragonja and cont. straight on the other side on narrow and very steep trail – walk a few meters until you reach...
29	155	1,69 (13,78)	leveling on the meadow, where you turn right and soon ...
30	155	1,71 (13,80)	at poorly visible split again right and cont. on overgrown trail to...
